Education:

- 2017-2015 Massachusetts General Hospital, Clinical Research, Bone Metabolism and Osteoporosis
- 2001-2002 Pittsburgh Children's Hospital, Clinical Research , Insulin pump therapy
- 1994-1991 Hacettepe University, Faculty of Medicine, Department of Pediatric Endocrinology, Fellowship program
- 1991-1985 Hacettepe University, Faculty of Medicine, Residency in Pediatrics
- 1988-1990 St Louis University, Pediatric Research Institute, Postdoctoral Fellow
- 1985-1983 Mersin Primary Care Physician

- 1983-1977 Hacettepe University, Faculty of Medicine, Medical Education

Publications:

Number of publications in international peer-reviewed journals :102

75 papers presented at international scientific meetings and

published in the proceeding's booklet

Authorship of 20 chapters in national medical books and editor in 2

national medical books

Professional Membership

Pediatric Endocrinology Research Society founding member and 3

terms president

National Pediatric Endocrinology and Diabetes Society

Awards

1. Kandemir N, Vurallı D, Özön A, Gönç N, Ardıçlı D, Jalilova L, Gülçek ÖM, Alikasıfoğlu A. Epidemiological and clinical features of type 1 diabetes in children and adolescents: Change in 50 years period Oral Presentation First Prize XXIV. National Pediatric Endocrinology and Diabetes Meeting October 30 – November 1, 2020.
2. Alikasıfoğlu A, Vurallı D, Gönç N, Özön A, Kandemir N. Genotype-treatment relation in congenital hyperinsulinemic hypoglycemia. Oral Presentation Third Prize XXIV. National Pediatric Endocrinology and Diabetes Meeting October 30 – November 1, 2020.
3. Canoruç Emet D, Özön ZA, Alikasıfoğlu A, Kandemir N, Gönç EN. α -MSH is elevated in hypothalamic obesity associated with childhood craniopharangioma. Short Oral Presentation Second Prize XXIV.

National Pediatric Endocrinology and Diabetes Meeting October 30 – November 1, 2020.

4. Özön A, Alikasıfoğlu A, Kandemir N, Aydın B, Gönç N, Karaosmanoğlu B, Çelik NB, Taşkiran E, Haliloğlu G, Kiper ÖP, Yalınzoğlu D, Utine GE, Alikasıfoğlu M. A rare type of diabetes: Neurological and endocrinological findings of DNAJC3 defects. Short Oral Presentations Third Prize XXIV. National Pediatric Endocrinology and Diabetes Meeting October 30 – November 1, 2020.
5. Özön ZA, Ünsal Y, Alikasıfoğlu A, Gönç EN, Vurallı D, Çelik B, Kandemir N. Evaluation of long-term treatment outcomes in syndromic short stature receiving growth hormone therapy. Poster Presentation Third Prize. XXIV. National Pediatric Endocrinology and Diabetes Online Congress. 30 October - 1 November 2020
6. Gönç EN, Özön ZA, Oğuz S, Kabaçam S, Şimşek ÖP, Utine E, Alikasıfoğlu A, Kandemir N, Alikasıfoğlu M. Prevalence and different clinical features of IGF-1 receptor defect in patients with prenatal-onset growth retardation. XXIII. National Congress of Pediatric Endocrinology and Diabetes. Oral Presentation Second Prize. 17-21 April 2019. Antalya.
7. Demirbilek H, Alikasıfoğlu A, Gönç N, Özön A, Kandemir N. Evaluation of gonadotropin suppression in the treatment of precocious central puberty. XIV. National Congress of Pediatric Endocrinology and Diabetes. 4-10 October 2010, Serıgerme, Muğla.
8. XIII. National Pediatric Endocrine and Diabetes Congress 2008 Scientific publication award published in foreign A and B group journals 2009
9. Gönç EN, Kandemir N, Özön ZA, Alikasıfoğlu A. Children who responded normally to growth hormone stimulation tests after preliminary preparation with testosterone reached their target size.

- Second Prize for Oral Presentation. XII. National Congress of Pediatric Endocrinology and Diabetes. 25-28 October 2007, Eskişehir.
10. Alikashioglu A, Yordam N, Gonc EN, Ozon A, Kandemir N. Evaluation of the relationship between serum adiponectin, TNF- α , leptin and lipid profile and obesity degree and insulin sensitivity in obese children and adolescents. Honorable Mention Award for Oral Presentation. X National Pediatric Endocrinology Congress, Ankara, 8-11 September 2005
 11. Yordam N, Özön A, Alikashioglu A, Kandemir N. Screening for congenital hypothyroidism; Evaluation of 10 years. Poster Presentation First Prize VI. National Pediatric Endocrinology and Diabetes Meeting, Kayseri, 27-29 September 2001.
 12. Journal of Clinical Research in Pediatric Endocrinology 2017-2018
Case Presentation First Prize
 13. Tübitak NATO Science Fellowship Grant 2000
 14. ESPE Sabbatical Leave Grant 2001

Attended Courses and Conferences

1. Child Health and Diseases Medical Specialty Qualification Certificate 2020
2. XXIV. National Pediatric Endocrinology and Diabetes Congress President 30 October-1 November 2020
3. ENDO 2018 Meeting, Chicago, USA
4. ENDO 2017 Meeting, Orlando, FL
5. School of Diabetes Treatment and Technologies 5-7 October 2017
Ankara
