

CURRICULUM VITAE

Full Name: PINAR IŞIK AĞRAS

Date of Birth: 15.9.1971

Place of Birth: BULANIK

EDUCATION

Year	Title	Institution
1995	School of Medicine	School of Medicine (Eng.), Hacettepe University
1996-2000	Residency	Department of Pediatrics, Hacettepe University
2000-2001	Senior Resident	Department of Pediatrics, Hacettepe University
2001-2006	Pediatric Nephrology Fellowship	Department of Pediatric Nephrology, Başkent University
2004	Abroad – Clinical and Research Observed (5 months)	University of California San Francisco Department Of Pediatric Nephrology
2006	Title of Associate Professor	
2007 July-2009	Fellowship Conscriptio	MoH Keçiören Training and Research Hospital
2009 July-2014 April	Pediatric Nephrology Fellowship Clinic Training and Administrative Responsible	Pediatric Nephrology Clinic, MoH Ankara Training and Research Hospital
2011	Pediatric Rheumatology Fellowship	
July 2020	Medical Specialty Hospital Professor of Pediatrics	

FOREIGN LANGUAGE:

EnglishKPDS (foreign language proficiency examination for state employees) score:91

UDS (interuniversity council foreign language exam) score:95 (Foreign language exam documents are in the "Other Documents" section)

INTERNATIONAL EXPERIENCE

- University of California San Francisco, Division of Pediatric Nephrology, USA (September 2004-January 2005)

Clinical observed under supervision of Prof. Antony Portale, M.D. and active participant in the research laboratories.

- G.Gaslini Cenova University, Pediatrics Clinic, Italy (July-August 1993)

As foreign exchange student under supervision of Prof. Ettore de Toni, M.D.

AWARDS:

1. Hacettepe University Department of Internal Medicine, Prof. Dr. Şeref Zileli Award, 1994 (Successful Student of the Year)
2. Hacettepe University, Prof. Dr. İhsan Doğramacı High Success Award, 1995 (Top Student of School of Medicine)
3. Hacettepe University Student Science Encouragement Award, 1995 (Top Student of School of Medicine)

PROJECTS

1. *The relationship between serum leptin level and plasminogen activator inhibitor-1 level in hemodialysis and CAPD patients.* Research Committee, School of Medicine, Başkent University, Project No: KA03/76,2003
2. *The relationship between serum leptin level and CD34 / CD7 lymphoid stem cell and rejection in renal transplant patients.* Research Committee, School of Medicine, Başkent University, Project No: KA03/77,2003.

3. *Serum and urinary interleukin-1 receptor antagonist levels in patients with Henoch-Schonlein purpura.* MoH Keçiören Training and Research Hospital, Ethics committee decision no: 2009/03/13, 03.03.2009.

4. *Echocardiographic findings in Familial Mediterranean Fever patients.* MoH Keçiören Training and Research Hospital, Ethics committee decision no: 2009/04/34, 07.04.2009.

5. *Evaluation of subclinic central and peripheral nerve involvement with electroencephalographic and electromyographic findings in children with Henoch-Schonlein purpura.* MoH Keçiören Training and Research Hospital, Ethics committee decision no: 2009/05/45, 05.05.2009

SUPERVISION OF DISSERTATIONS:

1. Evaluation of subclinic central and peripheral nerve involvement with electroencephalographic and electromyographic findings in children with Henoch-Schonlein purpura. MoH Keçiören Training and Research Hospital – Dissertations of Assist. Yasemin Can, M.D., 2010
2. Evaluation of bone changes in patients with idiopathic hypercalciuria. Moh Ankara Training and Research Hospital – Dissertations of Assist. Meryem Önder, M.D., 2012
3. Evaluation of the relationship between nocturnal blood pressure changes and urine volume and electrolyte excretion in children with enuresis. Moh Ankara Training and Research Hospital – Dissertations of Assist. Zeynep Şengül Emeksiz, M.D., 2012
4. Evaluation of renal damage in children with Congenital Renal and Ureteral Anomalies. Moh Ankara Training and Research Hospital – Dissertations of Assist. Emine Güçer, M.D., 2014

SCIENTIFIC ORGANIZATION MEMBERSHIPS:

PUBLICATIONS

Articles Published in International Peer-Review Journals: 31

Articles Published in Local Peer-Review Journals. 13

Other Turkish Papers and Book Sections: 7

Full texts presented in local and international scientific meetings and published in proceedings: 28

Abstracts-full texts presented in national scientific meetings and published in proceedings: 26

NOTES:

1. Our doctor is Associate Professor of Pediatrics and has two fellowship certificates, including Pediatric Nephrology and Pediatric Rheumatology.
2. Our doctor has experience and published papers in pediatric renal transplantation, pediatric hemodialysis and peritoneal dialysis.
3. Our doctor gained experience in In vivo and In vitro Laboratory studies for 5 months during the experience abroad (University of California San Francisco)
4. Our doctor's English level is very advanced (at a level allowing her to hold lectures and conferences).
